demand!**

Physicians Medical Group of San Jose is proud to partner with COZEVA to offer an internet-based, Primary Care Dashboard for Quality and HCC. By utilizing COZEVA Primary Care Physicians, Pediatricians, and their staff can:

- View quality measures by patient panel, groups of patients and individual patients
- View quality goals and performance
- Identify patients with care gaps to help with scheduling
- Identify patients for high risk for hospitalization
- For Medicare members, view total RAF score by plan, as well as by individual member; easily identify members who need an office visit to document chronic conditions to the highest level of specificity

RSVP by 3/9/20
